

Committed and with passion for precision we create digital reality solutions combining sensor, software, and autonomous technologies to empower a sustainable future.

All products leaving our production facilities are “Global Players”. Support us by organising distribution networks and making sure that our goods reach their goal reliably, in time, and safely. Join our team and make your visions come true!

Global Logistics Transformation Manager (f/m/d)

Heerbrugg  100%

This appeals to you

- Responsible for Global Logistics transformation activities and management of the various initiatives related to operational and process improvements
- Drive the implementation of the Global Logistics operations improvement roadmap with focus on the order-to-cash process and in line with business goals and objectives
- Oversee the implementation, integration and optimisation of logistics technology platforms and tools: Transport Management System (TMS) or Logistics Management System (LMS)
- Responsible for all ESG and quality related activities in Global Logistics and ensuring alignment with the division and company objectives
- Defining and monitoring key performance indicators (KPIs)
- Coordinating all activities within the global and cross-divisional networks and improving collaboration
- Training all employees on new processes, systems

This is you

- Bachelor's degree in logistics, business administration or similar; Master's degree or professional certifications (e.g. APICS, CSCMP) is of advantage
- 5+ years of experience in logistics, supply chain management or operations management, preferably in roles involving process improvement, change management and project management
- 5+ years of leadership experience, preferably in an international industrial environment
- Experience working with logistics software and technology tools, including warehouse and transport management systems and supply chain analysis platforms
- Proactive and solution-oriented thinking with the ability to identify logistics challenges, analyse root causes and develop effective solutions
- Sensitivity to cultural differences and the ability to work effectively in a diverse, multicultural environment, especially in a global organisation

and technologies

- Very good knowledge of German and English (B2 level)

We offer you

- Flexible working hours based on a 40-hour week
- Vacation entitlement: 25 days from the age of 20, 27 days from the age of 40 and 30 days from the age of 50
- Generous bonus system and extra-mandatory pension fund contributions
- Individual training opportunities (internal and external)
- Various Discounts (Health, Car, Entertainment and much more)
- Employee Events
- Multicultural and supportive environment
