About Hexagon's Geosystems Division

Hexagon is powered by more than 24'000 passionate people in 50 countries, who show us what's possible when human ingenuity and technology come together.

Hexagon is the global leader in digital reality solutions, combining sensor, software and autonomous technologies. We are putting data to work to boost efficiency, productivity, quality and safety for an autonomous, sustainable future.

Hexagon's Geosystems division provides a comprehensive portfolio of digital solutions that capture, measure, and visualise the physical world and enable data-driven transformation across industry ecosystems, and houses brands like Leica Geosystems, Geoprevent, LocLab and more.

Visit us on our [Careers Page](#) and join us in unleashing the power of autonomy by becoming part of our team.
