

**Committed and with passion for precision we create digital reality solutions combining sensor, software, and autonomous technologies to empower a sustainable future.**

As a **Build Systems & Package Management Engineer** you will work on enhancing and managing a fast & robust build and packaging infrastructure for a pioneering robotics project.

## Build Systems & Package Management Engineer (CMake/Nix) (f/m/d)

Zürich  80-100%

### This appeals to you

- Design, implement, and maintain the build system (CMake) and package management (Nix) infrastructure for a complex robotic product
- Port and maintain complex internal and external dependencies within our package management and build system
- Collaborate closely with software engineers and DevOps specialists to streamline software builds and deployments
- Mentor and guide team members in best practices related to CMake and Nix
- Being part of an R&D organization with startup spirit in a globally active company: we work in an iterative fashion on cutting edge problems

### This is you

- Degree in Computer Science, Information Technology or a related field
- Proven track record (5+ years) working with CMake
- Strong proficiency with the Nix package manager, including hands-on experience applying Nix to industry-level projects
- Experience with DevOps practices, CI/CD pipelines, and related tooling such as Gitlab
- Some professional exposure to with C++ and Python
- Touchpoints with components like ROS 2 are considered a plus
- Interest and skills to work collaborative with other engineers

### We offer you

- Flexible annual working hours based on a 40-hour week, with 100% employment

- Vacation entitlement: 25 days from the age of 20, 27 days from the age of 40 and 30 days from the age of 50
- Hybrid Working model
- Generous bonus system and extra-mandatory pension fund contributions
- Individual training opportunities (internal and external)
- Relocation service
- Various Discounts (Health, Car, Entertainment and much more)
- Employee Events
- Flat hierarchy structure
- Warm and international corporate culture based on respect and cooperation
