Committed and with passion for precision we create digital reality solutions combining sensor, software, and autonomous technologies to empower a sustainable future.

As Technical Product Manager, you will drive product discovery and use case requirements, working closely with our customers and our R&D team to ensure our products are aligned with customer expectations. Join us and help shape the future of robotics technology!

Technical Product Manager (f/m/d) for Robotics

Zürich   100%

This appeals to you

- Working in a very technical and fast-moving environment
- Bridging the gap between product strategy and R&D
- Defining technical requirements based on deep understanding of customer use cases
- Driving PMF and maintaining competitive analysis reports
- Writing user stories that are cleanly scoped and ready for implementation
- Finding creative solutions which make our products easier to use
- Prioritizing and refining the backlog
- Participating in customer visits and demos
- Supporting sales and marketing teams

This is you

- Degree in computer science or a related technical field, or similar experience, preferably with hands-on robotics experience
- Prior experience as a software developer or robotics engineer
- 4+ years as a Product Owner, or similar experience, involved in shipping several large features or product iterations to customers
- Demonstrated strategic thinking and problem-solving abilities, able to break down big ideas into small steps
- Strong communication and presentation skills
- Experience interacting with UI/UX designers as well as with external customers

We offer you

- Flexible annual working hours based on a 40-hour week, with 100% employment

- Vacation entitlement: 25 days from the age of 20, 27 days from the age of 40 and 30 days from the age of 50
- Hybrid Working model
- Generous bonus system and extra-mandatory pension fund contributions
- Individual training opportunities (internal and external)
- Relocation service
- Various Discounts (Health, Car, Entertainment and much more)
- Employee Events
- Flat hierarchy structure
- Warm and international corporate culture based on respect and cooperation

About Us

Hexagon is a leading provider of digital reality solutions and employs more than 24,000 people in 50 countries. You will be part of a strong, experienced, inspiring and motivated team of experts driving the future of Hexagon. You will use and develop your skills in our highly innovative and diverse environment. Flexible working models allow you to ideally combine work and private interests.
