

### Shape. Analyze. Think Ahead.

Dynamic, energetic, and passionate about precision – we are revolutionizing the world of measurement technology.

Are you a team player who approaches tasks with drive and enthusiasm? Do reliability, loyalty, and collaboration define your daily work ethic?

We are looking for a **Business Controller** – someone with sharp analytical thinking, entrepreneurial spirit, and the ambition to actively contribute to business success.

In this diverse and responsible role, you will be the central point of contact for our product managers, cost center and project leaders, and division management. You will support important business decisions through solid data analysis, drive process improvements and digitalization, and help shape the division's sustainable growth.

## Business Controller (f/m/d)

Heerbrugg  100 %

### This appeals to you

- Advise and support product, cost center, and project stakeholders on financial and business matters
- Proactively analyze and prepare financial data to identify trends and promote sustainable business development
- Contribute to the monthly closing process (local and consolidated under IFRS), including analysis, ad-hoc evaluations, and presentations with clear recommendations

### This is you

- Degree (University/FH) in Business Administration, Finance, or similar – with a focus on accounting and controlling
- 3–5 years of professional experience in controlling, preferably in an international industrial company
- Strong analytical, structured, and self-directed work style
- Entrepreneurial mindset, high motivation, and enjoyment of cross-functional collaboration

- Support the Division Controller in developing business insights to drive decision-making and actionable outcomes
- Prepare forecasts, budgets, and simulations in close collaboration with global colleagues
- Actively participate in international projects, particularly in the implementation of new tools and processes within controlling
- Identify and implement process improvements and automation opportunities in daily controlling activities
- Serve as a reliable business partner to management in both strategic and operational decisions
- Advanced skills in Excel and PowerPoint
- Excellent English communication skills (spoken and written); German is a plus
- Experience with SAP S/4 HANA, Power BI, SAP BW, OneStream, and Hyperion Financial Planning (including Essbase) is an advantage
- Willingness to travel approximately 10%
- Strong communication skills with the ability to present complex financial topics in a clear and tailored manner

## We offer you

- Flexible annual working hours based on a 40-hour week, with 100% employment
- Vacation entitlement: 25 days from the age of 20, 27 days from the age of 40 and 30 days from the age of 50
- A hybrid work model with flexibility and a modern workplace in Heerbrugg
- Bonus system and extra-mandatory pension fund contributions
- Relocation service
- Various discounts (Health, Car, Entertainment and much more)
- Employee events
- An international, innovation-driven environment with attractive development and growth opportunities
- A motivated, experienced, and inspiring controller community with a spirit of innovation
- Digitalization of controlling and implementation of modern dashboards
- The opportunity to actively contribute to the sustainable development and future success of the organization
