We – that's around 70 innovative and creative minds at Hexagon Robotics, a dynamic scale-up of the Swedish Hexagon Group. We use our precision measurement and AI expertise to bring autonomous robotics solutions across various industries.

As **Senior Software Solution Architect** at Hexagon Robotics, you'll shape end-to-end solution architecture, balancing innovation, business goals, and technical feasibility. You'll lead the design of scalable, secure enterprise systems, ensure compliance with industry standards, and mentor engineering teams, driving impact in a fast-growing, globally active organization.

Senior Software Solution Architect (f/m/d)

Zürich   🕐   100%

This appeals to you

- Develop architecture vision across customer solutions and integrations, accounting for business objectives, innovation and technical feasibility
- Design and oversee implementation of complex enterprise solutions, including creation of architectural blueprints, technology selection considering scalability, security, and performance
- Ensure governance and compliance objectives are achieved, including industry regulations, security standards, and best practices, implement governance frameworks, and conduct regular audits and assessments
- Actively provide technical leadership and mentorship to engineering teams

This is you

- Advanced Degree in Computer Science, Information Technology or a related field
- Proven track record and deep understanding of enterprise software architectures, industry standards, and emerging technologies
- 10 years of hands on experience working as a software engineer, preferably in integration of data intensive applications with customer specific APIs
- Strong background and knowledge around cloud platforms (e.g., AWS, Azure, GCP) and scalable data platforms/data ingestion from edge devices
- Excellent communication and stakeholder management skills with both technical and business stakeholders

- Being part of a growing organization with startup spirit in a globally active company

We offer you

- Flexible annual working hours based on a 40-hour week, with 100% employment
- Vacation entitlement: 25 days from the age of 20, 27 days from the age of 40 and 30 days from the age of 50
- Hybrid Working model
- Generous bonus system and extra-mandatory pension fund contributions
- Individual training opportunities (internal and external)
- Relocation service
- Various Discounts (Health, Car, Entertainment and much more)
- Employee Events
- Flat hierarchy structure
- Warm and international corporate culture based on respect and cooperation

About Us
