HxDR is **Hexagon**'s cloud-based platform where geospatial and reality capture data are transformed into actionable insights. As a global leader in sensor, software, and autonomous technologies, Hexagon empowers industries to build sustainable, data-driven ecosystems. HxDR is at the forefront of this transformation, delivering secure, scalable, and innovative digital reality solutions.

As **ISMS Manager**, you will be responsible for leading our information security management efforts, ensuring compliance with ISO/IEC 27001, SOC 2, and other standards. You will play a pivotal role in shaping and evolving our security posture, guiding the organization through certification processes, and embedding a culture of security, continuous improvement, and operational excellence.

ISMS Manager – Digital Reality (f/m/d)

Zürich   🕐   100 %

This appeals to you

- Taking ownership of our Information Security Management System (ISMS) and leading it in alignment with ISO/IEC 27001 and SOC 2 standards
- Driving security certifications and ensuring audit readiness through proactive risk assessments, documentation, and control implementation
- Working in a dynamic, cloud-native environment with a strong DevOps culture, where security is embedded in every layer of the platform
- Acting as the key contact for external audits, customer assessments, and regulatory inquiries
- Collaborating closely with cross-functional teams and stakeholders across Hexagon to improve existing security processes and design new, scalable ones
- Monitoring security metrics, handling incidents, and reporting to leadership with a focus on continuous improvement

This is you

- Proven experience managing ISMS and leading ISO 27001 and SOC 2 certification projects
- Strong understanding of cloud security principles (preferably AWS), risk management, and data protection regulations
- Excellent communication and stakeholder management skills
- Analytical mindset with a proactive approach to problem-solving
- Relevant certifications (e.g., ISO 27001 Lead Implementer/Auditor, CISA, CISSP) are a plus
- Excellent English communication

- Leading internal audits and running engaging training sessions that raise security awareness throughout the organization
- Being part of a team where you can build things from the ground up and truly drive change

We offer you

- Flexible annual working hours based on a 40-hour week, with 100% employment
- Vacation entitlement: 25 days from the age of 20, 27 days from the age of 40 and 30 days from the age of 50
- Hybrid working model
- Bonus system and extra-mandatory pension fund contributions
- Individual training opportunities (internal and external)
- Relocation service
- Various discounts (Health, Car, Entertainment and much more)
- Employee events
- Flat hierarchy structure
- Warm and international corporate culture based on respect and cooperation

Here you can find more information about us as an employer.

About us

Hexagon is a leading provider of digital reality solutions and employs more than 24,000 people in 50 countries. You will be part of a strong, experienced, inspiring and motivated team of experts working together to shape the future of Hexagon. You can utilise and develop your skills in our highly innovative and diverse environment. Flexible working models allow you to ideally combine your professional and private interests.
