Committed and with passion for precision we create digital reality solutions combining sensor, software, and autonomous technologies to empower a sustainable future.

At Hexagon Manufacturing Intelligence, we leverage our strong skills in understanding, analyzing, and using measurement data effectively to help our customers achieve faster production, boost productivity, and improve product quality. If this sounds like the ideal job for you, come join our team and bring your ideas to life!

Software Engineer C++/ C# (f/m/d)

Heerbrugg   100%

This appeals to you

- **Improve System and Application Software**
  Enhance software for coordinate measurement machines and applications to meet customer needs.

- **Participate in All Areas of Development**
  Involve in all stages of software development, from architecture to integration testing.

- **Collaborate Internationally**
  Work with an international development team.

- **Utilize Modern Methods and Technologies**
  Use continuous integration, agile development, and domain-specific languages.

This is you

- A university degree (or equivalent) in computer science or a related field.
- A minimum of 3 years of professional experience in software development, particularly with large-scale projects.
- Proficiency in debugging software across various domains.
- Practical experience with coordinate measurement machines.
- Strong coding skills in C# (Net4.8, WPF) and C++20
- Fluency in both German and English.
- A passion for technology and innovative development processes, with a collaborative team spirit.
- Strong ability to accurately capture and analyze software requirements.
- Experience working in an agile environment is a plus.

We offer you

- Flexible annual working hours based on a 40-hour week, with 100% employment
- Vacation entitlement: 25 days from the age of 20, 27 days from the age of 40 and 30 days from the age of 50
- Hybrid working model
- Bonus system and extra-mandatory pension fund contributions
- Individual training opportunities (internal and external)
- Relocation service
- Various discounts (Health, Car, Entertainment and much more)
- Employee events
- Flat hierarchy structure
- Warm and international corporate culture based on respect and cooperation
