

Product Engineer (f/m) Geodetic Monitoring Systems

Committed, dynamical and with a passion for precision, we revolutionise the world of measurement and survey.

In our company, you can develop concepts and designs for smart appliance software in international as well as cross-sectoral teams, and bring our products to life. With a high attention to detail and level of motivation, you support us in meeting all customer requirements. Join our team and make your visions come true!

This appeals to you

- · Specification, configuration and testing of geodetic and geotechnical monitoring systems
- Specification and testing of TPS and GNSS sensors and monitoring software
- Promotion of our monitoring solutions to internal sales department; support organization as well as internal and external customers by technical trainings and presentations
- · Systems installations and preparation of technical proposals
- · Support of our marketing team
- · Product documentation
- 2nd level technical support

This is you

- You hold a higher university degree in Surveying / Survey Engineering / Geodesy / Geomatics
- You will bring in first industrial experience preferably in geodetic and / or geotechnical monitoring applications
- · You have gained basic IT knowledge and programming skills

- You are experienced in communication interface devices and communication technology (serial, modem and TCP/IP)
- You enjoy analytical thinking, conceptual work and you have a strong solution orientation
- You possess excellent communication and presentation skills as well as interpersonal skills
- · You are fluent in English (written and spoken), German or additional languages are a benefit

Über uns

Unsere innovativen Lösungen und Produkte sind gekennzeichnet durch höchste Effizienz und Zuverlässigkeit und werden überall dort eingesetzt, wo es ums Erfassen, Analysieren und Präsentieren von 3D Informationen geht. Verbessere auch Du mit uns die Zukunft, werde Teil unseres Teams und einer globalen Erfolgsgeschichte.

Wie kann ich mich bewerben

Wenn Du Interesse an dieser herausfordernden und abwechslungsreichen Position hast, dann freuen wir uns auf Deine Online Bewerbung! Aufgrund der Datenschutzgesetzgebung dürfen wir Bewerbungen nur über das Bewerbungstool entgegennehmen.
