

Hexagon's Geosystems Business Area provides digital solutions that capture, measure and visualise the physical world, enabling data-driven transformation.

As a Software Engineer, at Leica Geosystems I can not only pursue creative new ideas, But watch them grow and finally their implementation and application in directly shaping future-oriented products. Oresequo magnatist, odiae ipsam, si vende ducimus aditisquam, te occus rate idem fugitit, secati omnis alite nat es ex eatur

Service Logistics Specialist (f/m/d)

Cologne  100%

This appeals to you

- Receiving, documenting, and distributing goods to the respective departments
- On-site customer service, including device intake and handover to customers
- Preparation and management of service rental and loan instruments
- Labeling of technical equipment
- Booking and tracking all goods movements in the SAP system
- Active warehouse management of the Selling Unit, including inventory execution
- Collaboration with Service Administration, Selling Unit Germany (Customer Care, AM, Marketing, etc.), and the Distribution Center
- Preparation and execution of shipping processes, including creation of relevant documents

This is you

- Completed vocational training in logistics, freight forwarding, or a comparable qualification
- Initial professional experience in a technical and/or commercial environment
- Confident user of MS Office; SAP knowledge is a plus
- Confident in dealing with customers and colleagues
- Strong problem-solving skills
- High commitment, flexibility, and resilience
- Independent, structured, and customer-oriented working style
- Organizational talent and team player
- Enjoyment of dynamic tasks and responsibilities
- Physical resilience and technical understanding
- Excellent German and good English skills, both written and spoken

We offer you

- An engaging and varied daily work routine
- A motivated team in a modern distribution center
- Participation in exciting projects and processes
- A secure workplace with attractive conditions
- Flat hierarchy structure
- Warm and international corporate culture based on respect and cooperation
