## Hexagon's Geosystems division provides digital solutions that capture, measure and visualise the physical world, enabling data-driven transformation.

As an AI Enablement Specialist, you drive the adoption of AI within Hexagon business units in a responsible, ethical, and value-driven manner by shaping governance frameworks, fostering cultural readiness, and enabling strategic artificial intelligence initiatives.

If you're excited to collaborate on innovative Generative AI solutions and you're ready to make a real difference by bringing advanced AI technology to Hexagon's diverse teams, we'd love to hear from you!

## AI Enablement Specialist (f/m/d)

Heerbrugg / Zurich  80% - 100%

### This appeals to you

- Support Hexagon teams in identifying AI use cases, defining data sources, implementation methods, and evaluation metrics
- Configure and implement custom AI agents for business applications
- Understand, define, and communicate requirements for AI agents
- Monitor and evaluate AI agents, ensuring delivery and business impact
- Co-lead workshops and training sessions (virtual and in-person) on AI tools and developments
- Create technical or function-specific training materials
- Continuously refine the AI tool portfolio and manage integrations with business systems
- Support teams in AI adoption through introductions, online communities, and guidance
- Contribute to KPIs measuring the success of Hexagon's AI enablement programs

### This is you

- You have a strong focus on AI use cases and creating business value
- Hands-on and confident presenting results to multiple stakeholders
- Communicate efficiently and professionally to understand challenges and identify AI opportunities
- Experienced with enterprise AI tools (e.g., OpenAI ChatGPT, Microsoft Copilot) and their business applications
- Technically proficient to understand and explain the latest developments in generative AI
- Deep understanding of AI-based solution implications
- Comfortable collaborating across teams, cultures, and time zones
- Passionate about supporting, training, and enabling colleagues in AI
- Fluent in English (German or other languages a plus)
- Willing to travel internationally up to 20%

- Assist the AI team in developing and improving internal AI adoption guidelines
- Help unify and standardize the governance framework for AI applications

## We offer you

- Flexible annual working hours based on a 40-hour week, with 100% employment
- Vacation entitlement: 25 days from the age of 20, 27 days from the age of 40 and 30 days from the age of 50
- Hybrid working model
- Bonus system and extra-mandatory pension fund contributions
- Individual training opportunities (internal and external)
- Various discounts (Health, Car, Entertainment and much more)
- Employee events
- Flat hierarchy structure
- Warm and international corporate culture based on respect and cooperation

[Here](#) you can find more information about us as an employer.

## About us

Hexagon is a leading provider of digital reality solutions and employs more than 24,000 people in 50 countries. You will be part of a strong, experienced, inspiring and motivated team of experts working together to shape the future of Hexagon.
