Committed and with passion for precision we create digital reality solutions combining sensor, software, and autonomous technologies to empower a sustainable future.

As Product Owner Perception, you will be the voice of our customers in shaping AI-powered products across Hexagon's portfolio. You will define the product vision, prioritize features, and work with AI engineering teams to transform data into impact.

If you want to make a real impact across Hexagon's offerings by delivering cutting-edge AI products, be our guest!

Product Owner Perception (f/m/d)

Zürich  80% - 100%

This appeals to you

- Collaborate with Hexagon divisions for AI projects in the domain of 3D perception on sensors
- Gather business requirements from customers
- Work closely with AI engineering teams to translate business needs into innovative data & AI solutions, ensuring performance, scalability, and security
- Quantify customer ROI delivered by AI-based capabilities
- Prioritize projects based on business impact, risk, and technical feasibility
- Manage close stakeholder engagement and awareness via regular updates
- Evangelise AI-driven products internally and with client stakeholders

This is you

- Multiple years of experience in product ownership in sensor-based perception
- Customer-first mindset with the ability to join the dots between customer problems and AI solutions
- Excellent stakeholder communication, able to translate business needs to technical teams
- Ability to drive stakeholders to an agreed scope, driving alignment and decision-making
- Well-versed with 2D and 3D modalities like point clouds, images, and depth maps
- Good understanding of life cycles of AI models from data selection to model training, evaluation, and deployment
- Can explain the pros and cons of AI-based solutions to our divisions
- Hands-on person and can present your results to stakeholders from across the organisation
- Fluent in English

- Ability to travel internationally up to 20%

We offer you

- Flexible annual working hours based on a 40-hour week, with 100% employment
- Vacation entitlement: 25 days from the age of 20, 27 days from the age of 40 and 30 days from the age of 50
- Hybrid working model
- Bonus system and extra mandatory pension fund contributions
- Individual training opportunities (internal and external)
- Relocation service
- Various discounts (health, car, entertainment, and much more)
- Employee events
- Flat hierarchy structure
- Warm and international corporate culture based on respect and cooperation
