

At Hexagon, we don't just measure the world – we define its future. As the global leader in measurement technologies, we provide the confidence that vital industries rely on to build, navigate, and innovate.

From microns to Mars, our solutions drive productivity, quality, safety, and sustainability across aerospace, agriculture, automotive, construction, manufacturing, and mining.

Yet measurement is only the beginning. We bridge the physical and digital worlds with cutting-edge metrology, reality capture, and positioning solutions – making industries and cities safer, smarter, and more sustainable.

Measurement is the foundation of progress. When it has to be right, it has to be Hexagon.
